Find the Rhyme Scheme

One way to learn about a poem is to look at its rhyme scheme. To find the rhyme scheme, we give a letter to each ending sound of a line. Look at this example on the right.

The first line ends with *red*, so that line is given the letter A. All lines that end in the same word or a word that rhymes with *red* will have an A. The second line ends in *blue*, which does not rhyme with *red*. The second line is given the letter B. The third line ends in *sweet*, which does not rhyme with either *red* or *blue*, so that line gets the letter C. The last line ends in *you*. Since *you* rhymes with *blue*, it is given the same letter as the second line, which is a B.

Writing the rhyme scheme would look like this:

Roses are red, A
Violets are blue. B
Sugar is sweet, C
and so are you. B

Below are some simple nursery rhymes. Write the rhyme scheme in the blanks next to the lines.

1. Sing a song of sixpence, _______
   A pocket full of rye. _______
   Four and twenty blackbirds, _______
   Baked in a pie. _______

2. Humpty Dumpty sat on a wall, _______
   Humpty Dumpty had a great fall. _______
   All the king’s horses and all the king’s men _______
   Couldn’t put Humpty together again. _______

3. Hickory, dickory, dock, _______
   The mouse ran up the clock. _______
   The clock struck one, _______
   The mouse ran down, _______
   Hickory, dickory, dock. _______
