

Punctuation: Match the Symbols

Print two sets of cards. Cut each card along the dotted line. Mix the cards and lay them face down. Turn the cards over two at a time to pair the punctuation mark that match. When a match is made, remove the cards. Continue until all the cards are gone. Game can be timed or played in pairs. If in pairs, a player with a successful match gets another turn. Player that makes the most successful matches wins!
