

## The Coat Got Soaked on the Boat

Focus: Long "o" with \_oa\_ Words

Ken and Mike went on a boat.  
They went with their dad  
and their pet goat.  
Mike had a sweater,  
and Ken had a coat.

Mike put Ken's coat in the water  
to make it float.

Ken's coat didn't float, it just got soaked.  
Their dad pulled it out and washed  
it with liquid soap.

The goat started to eat the boat.  
Ken used his coat to stop the goat.  
The coat and the goat were both soaked!  
That was their last trip on the boat.
