

Vowel Team Bingo

Cut the game cards and the vowel team tiles apart. Mix the vowel team tiles up in a small container and give one game card to each student. Draw one vowel team from the container and call it out, giving students time to locate the vowels on their game card and circle them. The first student to match 3 vowel teams in any row should shout "bingo!" and raise their hand so that the win can be checked.

Options: Use a marker such as a plastic game chip or paper squares to cover the matching vowels so that the game cards can be reused and played multiple times.

Variation: Black Out Bingo — students must cover all the spaces to win.
