Autumn: The Scarecrow's Surprise Writing Prompt

It's autumn in the pumpkin patch. A tired scarecrow is in the middle of a large pumpkin patch. The scarecrow can talk, but cannot move its hands, head, or legs. The scarecrow has spent the whole summer keeping crows away from the pumpkins. Suddenly a large black crow lands on the scarecrow's head! What does the scarecrow do? What does it say? How does it make the crow go away? Write what you think happens to the tired scarecrow.
