

Latin and Greek Prefixes: Se- and Pro-

Many prefixes we use in English originally come from Greek or Latin words. The prefix *se-* is from a Latin word meaning “apart.” The prefix *pro-* is from a Latin word meaning “forward.” If you understand what the prefix means, it will help you understand the meaning of the whole word. For example, the ending *-clude* means “to shut.” Combine *se-* with *-clude*, and it becomes the word *seclude*. Based on its original meaning, *seclude* means “to shut apart” or keep away from other people.

Use the list in the bank to make five different English words out of *se-* and *pro-*. You may add a suffix or change the spelling a little if needed. Write a sentence for each word you make and circle the word you made with the prefix. Be sure to use words for both *se-* and *pro-*.

Sentences:

- 1.
- 2.
- 3.
- 4.
- 5.
