

Latin and Greek Suffixes: -Acity/-Ocity and -Ule/-Cule

Many suffixes we use in English originally come from Greek or Latin word endings. The suffix *-acity/-ocity* is from Latin meaning “quality of.” The suffix *-ule/-cule* is from Latin meaning “little” or “make small.” Suffixes often change the way the root word is used, such as from an adjective to a noun. For example, the root *opaque* is an adjective that means “lacking transparency” or “not able to be seen through.” Combine *opaque* with *-acity*, and it becomes the noun *opacity*. Based on its original meaning, *opacity* means “the quality of not being transparent.”
