

Latin and Greek Suffixes: -Rium and -Acy

Many suffixes we use in English originally come from Greek or Latin word endings. The suffix *-rium* is from Latin meaning “place.” The suffix *-acy* is from Latin meaning “state of being.” Suffixes often change the meaning of the root word. For example, the root *empor* means “merchant.” Combine *empor* with *-rium*, and it becomes the word *emporium*. Based on its original meaning, *emporium* means “merchant place” or a shop or a store.

Use the list in the bank to make five different English words out of *-rium* and *-acy*. You may add a prefix or change the spelling a little if needed. Write a sentence for each word you make and circle the word you made with the suffix. Be sure to use words for both *-rium* and *-acy*.

Word Bank

accur
aqua
at
audito
conspir
delic
diplom
pir
solar
terra

Sentences:
